Health Effects Information

Ingredients and Health Effects Information are taken from the manufacturer's product label and/or the Material Safety Data Sheet (MSDS). Products are not tested and manufacturer's information presented here is not evaluated by DeLima Associates.

MSDS Date: June 26, 2001

	Health	Flammability	Reactivity
HMIS RATING	2	0	1

ACUTE & CHRONIC HEALTH EFFECTS

Acute Health Effects:

From MSDS

Summary of Risks:

Ammonium nitrate is an allergen. Prolonged or repeated direct contact with fertilizer may irritate eyes and skin. Inhalation of dust may irritate nose, throat, and lungs. Prolonged exposure may cause weakness, depression, headache, mental impairment, anemia, methemoglobinemia, and kidney injury. Excessive inhalation of dust may cause irritation and coughing.

Ingestion of product can cause severe gastrointestinal irritation, muscular weakness, and blue-tinged skin (cyanosis). Infants and children are especially at risk for cyanosis.

Ingestion of large amounts may result in death.

Medical conditions which may be aggravated by contact: Ammonium nitrate allergies.
Skin abrasions and sores.

Target Organs: Skin, eyes, respiratory tract, and gastrointestinal tract.

Primary Entry Route(s): Ingestion, inhalation.

Chronic Health Effects:

From MSDS

Effect(s): Not known.

Carcinogenicity:

From MSDS

Ingredients Listed as a Carcinogen

IARC Monographs: No

NTP: No

OSHA: No

FIRST AID

From MSDS

Eyes: If in eyes, flush with water for 15 minutes holding eyelids open. Get medical attention if irritation persists.

Ingestion: Never give anything by mouth to an unconscious or convulsing person. Have conscious person drink 1 to 2 glasses of water, then induce repeated vomiting until vomit is clear. Call physician.

Skin: Wash with plenty of soap and water.

Inhalation: Remove to fresh air. Treat symptomatically.

HANDLING & DISPOSAL

Handling: From MSDS

Precautions to be taken in handling and storage

Store in a cool, dry area away from incompatible materials and heat sources. Store away from feed and foodstuffs, as well as household cleaning products. Wash hands with soap and water after handling product. Keep out of reach of children.

Disposal: From MSDS

Waste Management/Disposal

Apply as fertilizer to field. If product is contaminated, dispose of in an approved landfill disposal facility, in accordance with applicable federal, state, and local regulations.
