

MATERIAL SAFETY DATA SHEET

**Winfield Solutions, LLC
P.O. Box 64589
St. Paul, MN 55164-0589**

Date: 09/19/07

EMERGENCY CONTACT: In the event of chemical emergencies involving a spill, leak, fire, exposure, or accident involving chemicals - call CHEMTREC (800-424-9300).

I. PRODUCT INFORMATION

PRODUCT NAME: **Foaminator Dry**
CHEMICAL NAME: Polysiloxane
HAZARDOUS INGREDIENTS: None
FORMULA: Proprietary

II. COMPONENT INFORMATION

COMPONENTS: **PERCENT BY WEIGHT**

Polysiloxane and proprietary foam suppressing aids 30%

This product is not regulated under the OSHA Hazard Communication Standard, 29 CFR 1910.1200 or S.A.R.A. Title III.

III. PHYSICAL DATA

APPEARANCE AND ODOR: White Powder, Mild Odor
SOLUBILITY IN WATER: Water Dispersible

IV. FIRE AND EXPLOSION INFORMATION

FLASH POINT:

Not determined

EXTINGUISHING MEDIA:

Foam, water spray (fog), dry chemical, carbon dioxide, and vaporizing liquid type extinguishing agents may all be suitable for extinguishing fires.

SPECIAL FIRE FIGHTING PROCEDURES:

Do not enter confined fire space without full bunker gear. (Helmet with face shield, bunker coats, gloves and rubber boots). Use a NIOSH approved positive-pressure self-contained breathing apparatus

UNUSUAL EXPLOSION AND FIRE PROCEDURES:

None

V. REACTIVITY DATA

STABILITY: Stable at ambient temperatures and atmospheric pressure.

CONDITIONS TO AVOID: None

INCOMPATIBLE MATERIALS TO AVOID: None

HAZARDOUS DECOMPOSITION PRODUCTS: None

HAZARDOUS POLYMERIZATION: Will not occur

VI. HEALTH INFORMATION

EYES:

Direct contact irritates slightly with redness and swelling; possible minor corneal injury.

SKIN:

Single prolonged exposure (hours) causes no known effect. Several repeated prolonged exposures may cause slight irritation.

INHALATION:

No irritation to nose or throat expected. No injury is likely from relatively short exposure.

INGESTION:

Amounts transferred to the mouth by fingers, etc. during normal operations should not cause injury.

COMMENT:

No known adverse chronic health effects, but unnecessary exposure to any chemical should be avoided. This product, as with any chemical, may enhance allergic conditions on certain people. There are no known medical conditions that might be aggravated by exposure to this product.

VII. EMERGENCY AND FIRST AID PROCEDURES

EYES:

Upon exposure to the eyes, immediately flush with plenty of fresh water, insuring to rinse well under both the upper and lower lids for 5 to 10 minutes. GET MEDICAL ATTENTION if irritation persists.

SKIN:

Exposed skin should be thoroughly rinsed with fresh water to remove the product from the exposed area as soon as possible. If irritation persists, CONSULT A PHYSICIAN.

INGESTION:

Data regarding the effects of ingestion is not available. If the product is ingested, CONSULT A PHYSICIAN.

COMMENTS:

Although this product is considered to be a safe product, the user assumes the liability to insure that safe and prudent procedures are used in handling and using the product in order to insure that personnel are not dangerously exposing the eyes and skin without proper safeguards.

VIII. SPILL OR LEAK PROCEDURES

Absorb or scrape up material. After spill is contained and the excess is absorbed onto an absorbent medium, dispose of in accordance with the applicable local, state, or federal regulations.

IX. SPECIAL PROTECTION INFORMATION

EXPOSURE CONTROL METHOD:

Engineering controls are not usually necessary if good hygiene practices are strictly followed. Before eating, drinking or smoking, wash face and hands thoroughly with soap and water. Wear impervious gloves to prevent skin contact. For operations where eye or face contact can occur, wear chemical splash proof goggles.

X. TRANSPORTATION REQUIREMENTS

DOT SHIPPING DESCRIPTION:

Not regulated

THE INFORMATION HEREIN IS GIVEN IN GOOD FAITH,
BUT, NO WARRANTY, EXPRESS OR IMPLIED, IS MADE.
