

## Material Safety Data Sheet

This MSDS is regarded to be in compliance with 29 CFR part 1910.1200

**Section 1: Product Identification : Country Pine Fragrance 07-99-16417**

Product Name:

Manufacturers Name & Address:

International Aromatics, Inc.  
200 Anderson Avenue  
Moonachie, NJ 07074

Business Phone: (201)964-0900  
Emergency Phone: (973)402-8712  
Chemical Family: Proprietary Mixture  
CAS #: N/A

**Section 2: Physical Data**

Specific Gravity 25/25 0.9390-0.9590

Refractive Index @ 25C: 1.4640-1.4840

Vapor Pressure: Less than 1 mm Hg @ 20C approximately

Odor: FRUITY FLORAL

Solubility in Water: Insoluble in water, soluble in Ethyl Alcohol,  
Diethyl Phthalate, Dipropylene Glycol, and  
Other fixed oils.

Physical State: Yellow Liquid  
Boiling Point: N/A

**Section 3: Fire and Explosion Hazard Data**

Flash Point 180  
Extinguishing Media CO<sub>2</sub>, Dry Chemical, Foam, Water Fog

Special Fire Fighting Procedures None Known

Unusual Fire and Explosion Hazards: None Known

**Section 4: Reactivity Data**

Stability: Presents no significant reactivity hazard. Not pyrophoric nor  
reactive with water. Usually stable even at elevated temperature  
and pressures.

Incompatibility : Strong Oxidizers  
(materials to avoid)

Product Identification: COUNTRY PINE FRAGRANCE 07-99-16417

Hazardous combustion or decomposition products: Burning liberates CO, CO<sub>2</sub>, and smoke. Does not form explosive mixtures with organic materials. Does not undergo explosive decomposition and is shock stable. Is not an oxygen donor.

Hazardous Polymerization: Will not undergo spontaneous exothermic polymerization.

NFPA reactivity code: 0

Section 5: Spill or leakage procedures

Cleanup of spills or accidental release of materials:

Flush with water or soak up with a suitable absorbent. Waste disposal methods: Incinerate or sanitary landfill in accordance with local, state, and federal regulations and consistent with good ecological practices.

Section 6: Special Protection Information

Respiratory:	None Required
Ventilation:	General Mechanical
Protective Gloves:	Oil resistant if skin contact is anticipated
Eye Protection:	Splash proof goggles if handling warrants them
Other Protective Equipment:	None required

Section 7: Emergency and First Aid Procedures

Eye Contact: In the event of accidental contact with eyes, irrigate with copious amounts of water. If irritation persists obtain medical advice.

Skin Contact: Remove contaminated clothing. Flush exposed area with copious amounts of water. Wash with mild soap and water. Material may remove some of the skin's natural oils. If irritation persists obtain medical advice.

Ingestion (swallowing): In the event of accidental ingestion, rinse mouth with water. Give up to one tumbler (half pint) of milk or water. If irritation persists, seek immediate medical advice.

Section 8: Exposure Data

Primary route of exposure: Skin contact

The approximated vapor pressure of this mixture is sufficiently low enough that inhalation is not considered to be significant with regard to exposure.

Material is NOT found on any known list of carcinogens such as: NTP, LARC, or by OSHA, nor does it contain any carcinogens found on these lists.

Product Identification: **COUNTRY PINE FRAGRANCE 07-99-16417**

Section 9: Health Hazards

The identity of the individual components of this mixture is proprietary information and is regarded to be a **TRADE SECRET**.

In accordance with 29 CFR 1910.1200 we have to assume that the mixture presents the same health hazards as the individual components when they are present at a greater than 1% concentration.

Listed below are the health hazards for all the materials present over 1% concentration and that undiluted have health hazards associated with them:

None found

Listed below are the health hazards that were concluded as a result of animal laboratory testing of one or more of the individual components:

None found

Listed below are the health hazards that were concluded as a result of human testing and observation of one or more of the individual components:

Liquids may be irritating to eyes, skin, and mucous membranes.
